

KUSUMRAJ COLLEGE OF PHARMACY

📍 Medak, Andhra Pradesh,

About

Kusumraj Institute of Pharmacy is a cutting-edge learning institution based in Patna, Bihar, recognized & approved by the PCI (Pharmacy Council of India), New Delhi. We are a modern & progressive pharmaceutical training college affiliated to PPU (Patliputra University) for Bachelor in Pharmacy (B. Pharm) & the Health Department, Government of Bihar for Diploma in Pharmacy (D. Pharm) courses respectively.

At Kusumraj Institute of Pharmacy, we are passionately driven about imparting excellent Pharmacy education along with the real-life practical training essential for the best future prospects of our trainees. The working principle at our respected institution involves grooming and developing trained Pharmaceutical experts and being recognized as an ideal training ground for budding Pharmacy professionals that allows students to experiment and bring to practice what they have learned in theory.

Our Vision

We envision it to be the ultimate destination for education, training, and research in pharmaceutical sciences and allied sectors, thereby catering to the healthcare needs of the people in the region and the whole nation.

Our Mission

We work with the mission to groom and produce strong leaders, administrators, and officials who can take up major responsibilities as pharmaceutical professionals, with expertise surpassing the community, industry, and institutional healthcare standards.

Our Objective

- > To provide infrastructure and research facilities to disseminate advanced knowledge and training to the students in various branches of Pharmaceutical sciences.
- > To inculcate innovative teaching-learning processes with an interdisciplinary approach to ensure the growth of holistic wisdom acquiring all kinds of practical knowledge.
- > To educate and train capable manpower for the development of our country and establish linkages with the Pharmaceutical industry to promote research and development.
- > To promote the spirit of internationalism and competitiveness among students for the development of fresh ideas, discoveries, and inventions for a stronger society.
- > To encourage self-confidence, self-respect, and self-dependence among students to instill moral values making them well disciplined.
- > To pay special attention to the improvement of socio-economic conditions and support the welfare of the general population from the healthcare point of view.
