Towards a Healthier Society.

We at Sri Venkateshwaraa Medical College Hospital & Research Centre on the Puducherry-Villupuram National Highway are committed to creating a healthier society. Towards this end, we provide one of the best tertiary care services in the state. Our holistic approach to healthcare begins with primary care and extends to specialized treatments. We ensure multi disciplinary approach and patient centric care, which are essential for compassionate care. At SVMC every patient is guaranteed the best medical, diagnostic and surgical services. Our services reach over 5,00,000 outpatients and 40,000 inpatients a year.
